The Yorkshire and Humber Hong Kong Advisory Panel (Y&H HKAP) provides non-binding strategic advice and understanding of the lived experience of individuals arriving in Yorkshire and Humber communities, via the British National Overseas visa route. This advice will be provided to local and regional government, and other stakeholders involved in the delivery of the Hong Kong (HK) Welcome Programme.

#### Purpose

- To raise awareness with local and regional government organisations, Voluntary, Community and Social Enterprise (VCSE) organisations, other key stakeholders, and members of the public to:
  - a) demonstrate the need for BNO visa route
  - b) highlight the experiences of individuals arriving via this route
  - c) increase the level of understanding of how the visa route works and,
  - d) promote examples of good practice that have enabled Hongkongers to successfully integrate and become part of their local communities
- To represent the views and concerns of new arrivals from Hong Kong
- To advise and consult with key agencies involved in designing and delivery of the HK Welcome Programme (i.e. DLUHC, Home Office, Local Authorities and VCSEs)
- To engage with the media and seek to promote stories highlighting the positive impact of the BNO visa route and the contribution Hongkongers make to Y&H and the wider UK society
