Ambition Lawrence Weston – who we are?

Ambition Lawrence Weston is a Registered Charity and Registered Company and exists as a resident-driven organisation striving to make Lawrence Weston a good place to live and work, there is a Board accountable for its operations, and a small project team.

Lawrence Weston is a great place to live

Whilst there are lots of changes that we want to make, we would like to celebrate and share what is already good about Lawrence Weston. **Lawrence Weston is a great place to live because:**

- A long standing community and newly arrived residents working together to improve the neighbourhood
- A fantastic community farm
- Access to green space, wildlife and nature – including Lawrence Weston Moor and the Blaise Castle estate
- Its very own Roman Villa
- The only BMX track of its kind in Bristol
- A Grade 1 listed building 'Kingsweston House' designed and built in the 18th Century by Sir John Vanbrugh
- Innovative youth providers
- Toddler groups and activities for young families delivered by dedicated and committed early years practitioners
- Active churches delivering fantastic services such as the Lawrence Weston food bank
- Facilities for older residents including lunch clubs, walking groups and health services
- A community newsletter and website
- Its own Community Transport scheme
- Some of the best and most improved schools in the country
- A real sense of community – a place where people look after one another

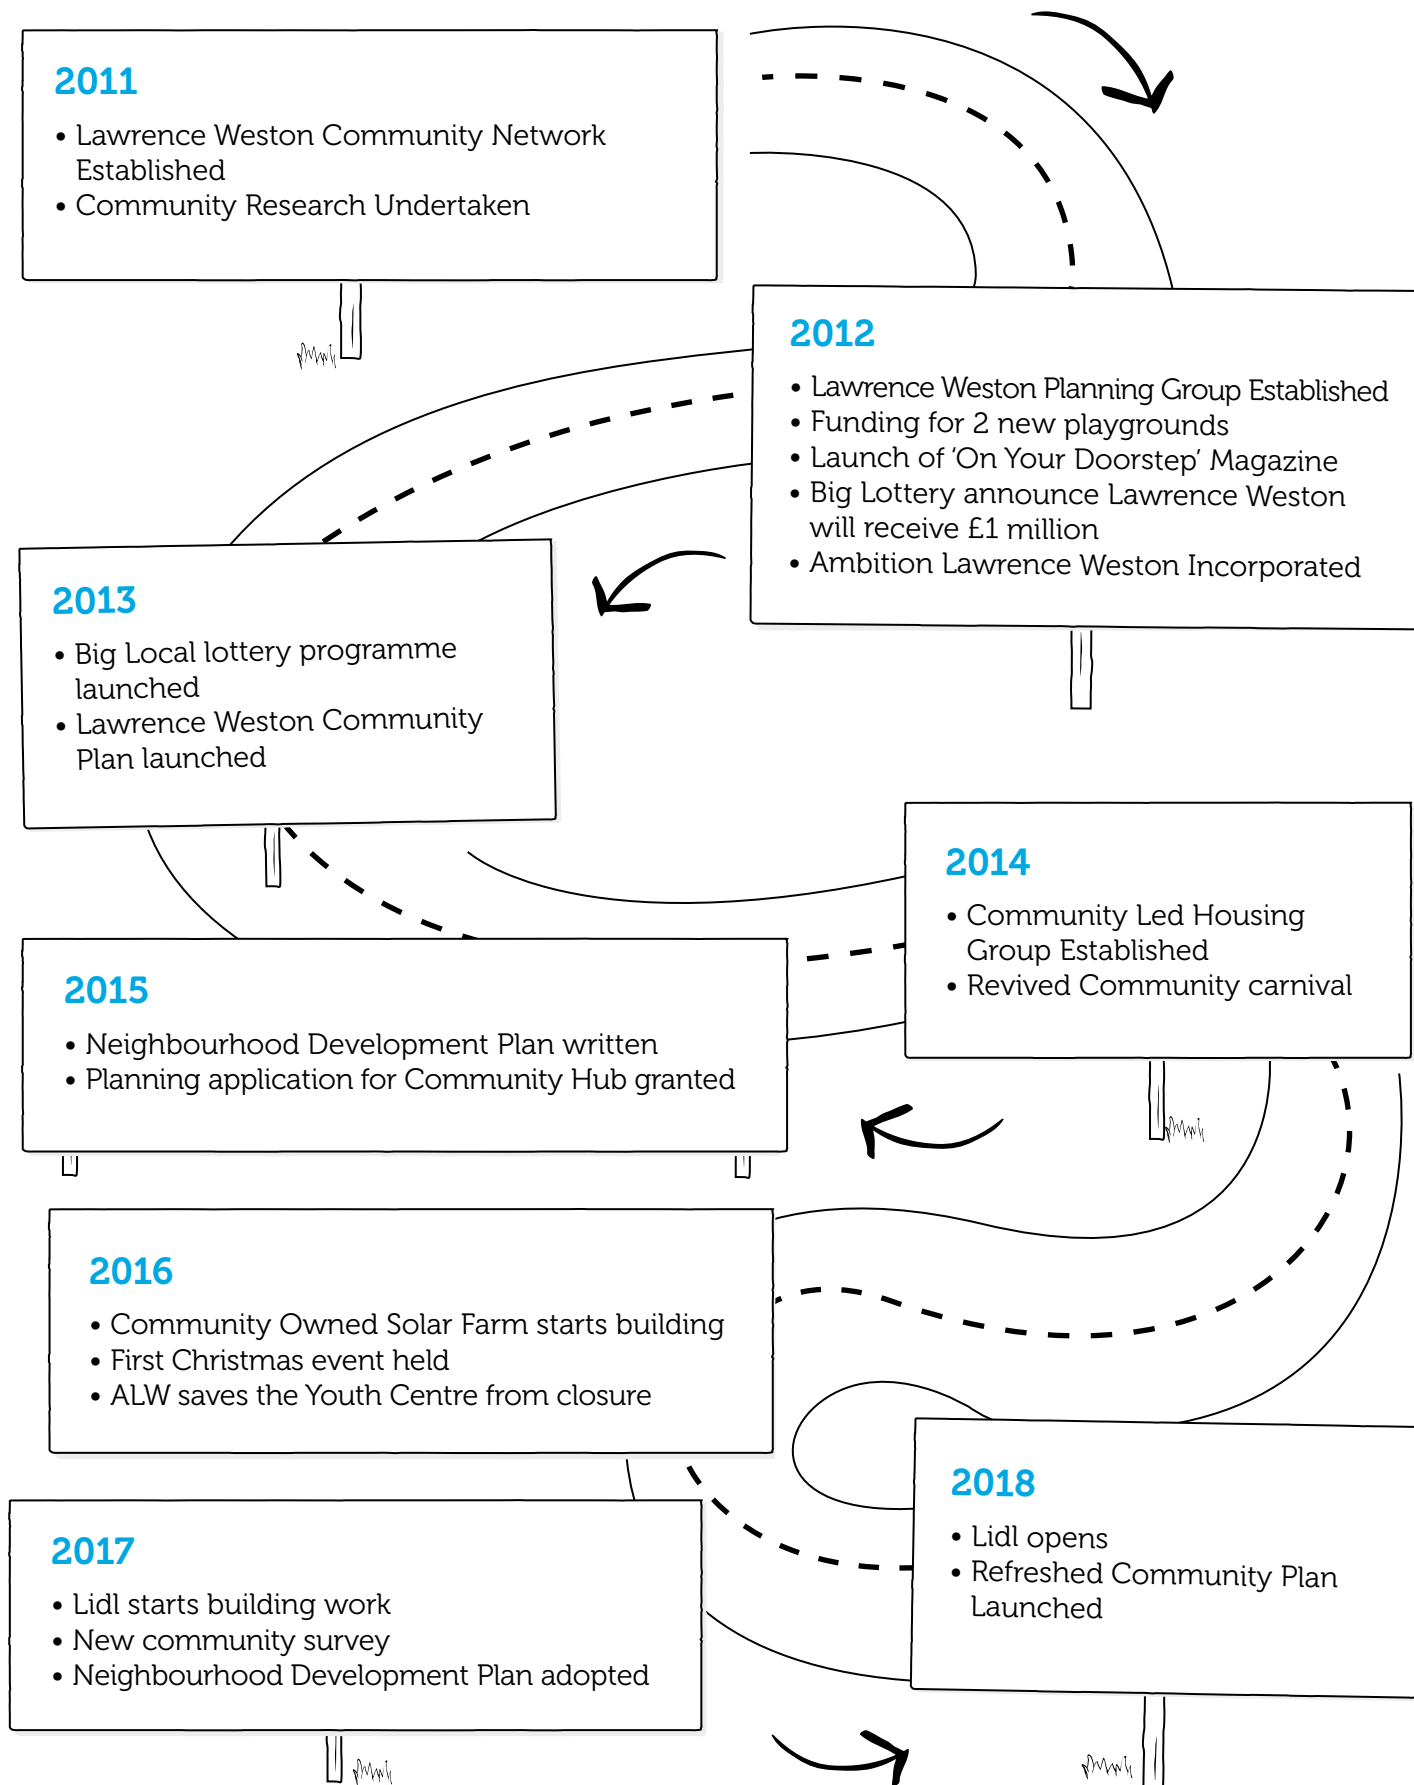

Our vision for Lawrence Weston in 2023

Lawrence Weston is a friendly and vibrant neighbourhood where the word 'community' really does matter. A place where ALL residents of today and tomorrow can live happy, healthy and fulfilling lives, from childhood through to old age. **We will strive to achieve this by ensuring residents can:**

- Access high quality jobs, services and shops
- Benefit from great education and training throughout their lives
- Enjoy modern community, sport, leisure and art facilities
- Look after their physical, mental and spiritual wellbeing with access to appropriate services and support
- Access affordable, safe, nutritious and culturally appropriate food
- Understand their rights and are empowered to make choices to improve their own lives
- Enjoy an environment which is looked after, safe and clean with well-maintained and well used green spaces
- Access healthy, energy efficient and affordable homes for all stages of life
- Travel safely on well-connected and affordable transport routes
- Feel part of a community which supports and looks after one another and is welcoming and inclusive
- Collectively celebrate the heritage and identity of the neighbourhood and plan carefully for its future
- Have a strong voice at the heart of decision making locally

So how did we get to this point? – The journey so far

What is a Community Plan?

A Community Plan helps residents identify the needs of their community and focuses resources on making things better.

In updating our Community Plan we have tried to include everything that is relevant to the people who live and work in Lawrence Weston. We have considered everything from employment, housing and playgrounds to the design of new buildings and new services for job seekers, young people and families. **We have worked hard to ensure that our plan:**

- Includes everybody's views
- Identifies the things people like, and like less about Lawrence Weston
- Identifies local changes, challenges and opportunities
- Outlines how people in Lawrence Weston want the neighbourhood to be developed in the future
- Sets out an action plan to achieve this
- Trains and support residents as community leaders, champions and advocates

The 2013 Community Plan has been very important in improving Lawrence Weston. **In particular:**

- It has given our partners and stakeholders confidence. It showed that we know what we're doing and that others are playing their part
- It showed that we're **ambitious** and can work together
- It clearly set out our issues and **priorities**
- It helped give stability and **cohesion** to our plans for the future
- It encouraged and guided future **investment**
- It gave us a **voice** and made key decision makers listen

Why did we write this plan?

The Lawrence Weston Community Plan was first written in 2013 as the residents and local partners had become increasingly frustrated at the lack of joined-up thinking at a neighbourhood level. Nobody was looking at the estate as a whole or planning for its future. So we decided to write our own plan. Since then we have achieved some amazing things. But the world has moved on and there are new challenges on the horizon. This update is our response to the changes around us and sets our new priorities for the coming years.

How did we write this plan?

During November 2017, Ambition Lawrence Weston and Local residents conducted a survey by door knocking the estate, we collated and analysed these results and presented these to the residents at the community plan workshop event during March 2018. This event also allowed us share the results and then to interactively come up with the three top priorities for each theme.

A CASE STUDY:

A new supermarket for Lawrence Weston

Back in 2013 Bristol City Council was working up plans to sell the former college site. They believed, and their consultants agreed, that the only interest in the site would come from housing developers. But we thought otherwise. We knew, from the Community Plan consultation, that there was demand for a new supermarket from residents who wanted lower shopping bills and more fresh and healthy food choices. So we spoke to our local MP who spoke to contacts in the property industry and suddenly there were several supermarkets interested in coming to Lawrence Weston. The Council couldn't argue with that and in 2018 Lidl opened their store. The Community Plan had a huge part to play in this amazing improvement to the local area.

What changes, challenges and opportunities are on the horizon in the next five years?

In the next five years we will face changes and challenges in Lawrence Weston. The government's ongoing austerity programme will undoubtedly result in more cuts to local authority spending. This means that Bristol City Council will provide fewer services and support for residents. It will also mean less funding and grants for organisations in the voluntary and community sector.

The government's Universal Credit programme will be rolled out and reach Lawrence Weston residents around September 2018. While the government's aim is to increase incentives to work, Universal Credit could also result in delayed and reduced payments. Either way, this will impact upon Lawrence Weston.

With a general election in or before June 2022 we could see major policy changes yet again. And no one really knows what will happen if and when Brexit hits home.

But it's not all bad news. There will be new investment in the area particularly in higher quality housing for local people and more local employment opportunities. Our own Neighbourhood Development Plan will give us more influence over what gets built and where and it will also enable us to improve local infrastructure via the Community Infrastructure Levy (CIL= funding).

Perhaps the greatest opportunity of all is for us, the residents, to take control and get things done. We have proved over the last five years through Ambition Lawrence Weston, its sub groups and partners that we can make a real change to our community. By coming together we can make Lawrence Weston an even better place to live, work and play.

What does this mean for Ambition Lawrence Weston?

The biggest challenge to Ambition Lawrence Weston is its own economic sustainability to ensure our work carry's on. We have already started work on this, by looking at the services our residents want to see and exploring how those activities can lend themselves to creating an income for our organisation. Such things as, the local solar farm, that now brings in a steady yearly income, rental fees from the Youth Centre also sees a small income stream, we have now secured more lucrative hire agreements that should see this profit increase.

Our current progressing plans also indicate a very good chance of creating more income from projects such as our first community led Housing Scheme at Astry Close, with possibly more schemes to follow, our aspirations for a community owned Wind Turbine that is well underway, would generate substantial income should it be realised, and our soon to be built Health and Community Hub building will have the potential to also raise an income for us.

As a result of these changes, challenges and opportunities, Ambition Lawrence Weston will endeavour to deliver as many of the actions listed in this plan as practically possible, whilst remaining flexible to meet the present and future needs of our residents.

Where do we go from here?

This document sets out a refreshed and revised 'five year vision' for the changes that we, the residents, would like to see and identifies what needs to be changed and who needs to be involved. Ambition Lawrence Weston will work with partners to ensure that the actions in the plan are taken forward. Our approach will continue to be based on the following principles:

- Resident led – residents in the driving seat
- Positive and productive working with partners – working together to make things happen
- Inclusive and respectful of difference – everybody's views are important and should be included
- Transparent and open – anybody can come and find out how we work, how decisions are made and how to get involved.

Whether you are a resident, local group, city-wide or national organisation, we would love you to be involved. For more information visit www.ambitionlw.org email contact@ambitionlw.org call **0117 9235112** or visit any of our social media sites. Even if you can't attend meetings there are other ways you can get involved to make us even stronger and get your voice heard.

1 Housing

Current Situation – What is it like now?

- There are 3070 dwellings in Lawrence Weston, 38% are owner occupied, 41% are rented from Bristol City Council, 9% are rented from Housing Associations and 7% are rented privately*²
- Housing Associations manage about 300 dwellings in the area
- Asking prices for 3 bed semi-detached houses are £170,000-200,000, 45% lower than Bristol average*²
- The social rent for a 3 bed house in Lawrence Weston is £418pcm
- A privately rented 3 bed house will cost £900pcm, 19% lower than the Bristol average*²
- 30% of residents said the choice of housing is good or OK while 48% say it is poor and needs improving*⁴. In 2013, 69% of residents said the choice was good or OK*⁵
- 51% of residents say that the quality of housing is good or OK while 35% say it is poor and needs improving*⁴. In 2013, 66% of residents said that the quality was good or OK*⁵
- LW has a very high percentage of two bedroom council properties and most of these are walk up flats

30%

of residents said the choice of housing is good or OK while 48% say it is poor and needs improving

- There are many families living in the flats with no lifts for buggies or shopping
- Housing is low density (32 dwellings per hectare, compared to 120 dph in some inner city areas)
- ALW is developing a community-led housing development of approximately 40 homes at Astry Close
- Sites identified for development, but without planning permission could accommodate 350 additional dwellings
- The new Neighbourhood Plan includes a local lettings policy to enable 50% of new affordable homes to be allocated to local people

SITES IDENTIFIED FOR DEVELOPMENT, BUT WITHOUT PLANNING PERMISSION COULD ACCOMMODATE 350 ADDITIONAL DWELLINGS

THERE ARE MANY FAMILIES LIVING IN THE FLATS WITH NO LIFTS FOR BUGGIES OR SHOPPING

1 Housing

What changes are on the horizon?

THERE IS LIKELY TO BE ONGOING DEMAND FOR HOUSING FROM POPULATION GROWTH

- There is likely to be ongoing demand for housing from population growth
- Housing costs will stay high and will be unaffordable for many
- There will be market and government policy pressure for new housing development
- New sites for development may have to be found
- ALW may become a housing developer and manager either directly or via housing partners
- Increased regulation of the private rented sector is possible and may impact upon supply
- Risk of overcrowding and related stress issues
- Increasing number of elderly people creating demand for different size and type of units
- Neighbourhood Plan Policy H6 should deliver more affordable homes for existing residents or those with family connections to the area.

How do residents want it to be? – quotes taken from the survey:

- Let's try and make Lawrence Weston a place that people want to live in
- Decent affordable homes which are community let and don't get snatched up by private investors
- Break the cycle of being stuck in overpriced private housing
- More help for young residents to get housing. So many single young people between 18-30 don't get the chance to get housing and have to remain at home with parents
- More sheltered housing or bungalows for the elderly
- More homes for local people
- Our children can't get homes here to rent or buy
- I'm in my 20s and have lived here my whole life. I would happily buy a house here should the opportunity arise. I have a degree and a decent job but the economy means I can't afford to buy my own home
- Any new dwelling should have proper parking facilities

DECENT AFFORDABLE HOMES WHICH ARE COMMUNITY LET AND DON'T GET SNATCHED UP BY PRIVATE INVESTORS

2 Crime and community safety

Current Situation – What is it like now?

- In 2017 the Kingsweston beat experienced 1,223 criminal incidents (240 per 1000 aged 16+). This is 40% higher than 2013. Violence against the person, sexual offences and 'other' have seen the highest growth but theft, burglary, drugs have seen modest increases or falls. This pattern reflects the citywide picture, although increases in Kingsweston are lower than citywide
- 31% rate the level of policing as good or OK and 58% rate the level as poor and needing improvement
- 82% agree or strongly agree that levels of crime are a problem in the neighbourhood
- 83% agree or strongly agree that levels of anti-social behaviour are a problem in the neighbourhood. Calls to Police regarding Anti-Social Behaviour in Kingsweston beat have fallen by 51% from 553 (2013) to 289 (2017)
- 12% of respondents in Avonmouth and Lawrence Weston ward say their day to day life is affected by fear of crime*⁶ This is the same as the citywide average
- Control of dogs in Lawrence Weston is rated as poor and needs improvement by 52% of respondents
- Comments in survey continue to highlight the problem of nuisance motorcycles
- Comments in survey continue to highlight street drinking, especially by young people in parks and groups in Ridingleaze as a problem
- Levels of domestic abuse in Avonmouth and Lawrence Weston ward are amongst the highest in Bristol. A higher proportion of people (10%) believe that it is a private matter than citywide (7.5%).

82%

agree or strongly agree that levels of crime are a problem in the neighbourhood

What changes are on the horizon?

- Government focus is on 'policing reform' and efficiency*⁷ Unlikely to see any commitment to increase police numbers
- From September 2018 the Neighbourhood Policing Team force wide will be implementing a new operating model which will enable the local Neighbourhood officers to focus on problem solving and provide traditional service delivery based on visibility in the community
- A new Police Station at Southmead Hospital will open by the end of 2018 which claim will bring efficiencies to local Policing
- Avon and Somerset Police have a commitment to not reduce resources within Neighbourhood Policing, and demand profiling allows them to locally assess their demand and move resources to tackle demand in the right locations.

How residents want it to be – quotes taken from the survey:

- More visible police on the streets and more community policing
- Tackle racism and bullying
- Stop drug sellers
- CCTV along the shops
- Stop bus shelters being smashed
- Stop motorcycle crime
- Big fines for littering
- Team up with PCSO to stop under age street drinking

- Stop gangs drinking on Ridingleaze
- Tackle youth on youth violence
- More things to do for the youth
- Just more safe places for teenagers
- Clamp down on anti-social behaviour and vandalism
- Lower the crime rate
- Improve the street scene, dog fouling, clean streets, etc.
- Sort out street parking (parking on pavement)
- Encourage people to take some pride in the area they live

- 65% of respondents said that the traffic on Long Cross had not slowed since the 20 mph speed limit was changed
- 50% of A&LW respondents travel to work by car and 10% by bicycle^{*6}

63%

agree or strongly agree that public transport links to jobs are a problem

- 60% of respondents in A&LW ward were satisfied with the bus service^{*6}
- 27% of households do not own a car^{*6}
- "the majority wanted the (20mph) zones removed, although many said they would want them kept outside schools."^{*6}
- Despite having additional local community transport services (Lawrence Weston Community Transport, SeverNet Flyer) the area is cut off from neighbouring communities by open space and major roads.
- The bus services are seen as expensive, unreliable and intermittent and do not directly take residents to all jobs at Avonmouth or to other important facilities such as Further Education colleges, hospitals and the City Centre.
- The standard 50 minute journey time to the centre of Bristol creates problems for people accessing jobs and other facilities.
- There is a lack of safe cycle routes and low take up of cycling on the estate. Residents are dependent on their cars, though car ownership is low: 39% have no car/van compared to a 29% Bristol average^{*8}

THE BUS SERVICES ARE SEEN AS EXPENSIVE, UNRELIABLE AND INTERMITTENT AND DO NOT DIRECTLY TAKE RESIDENTS TO ALL JOBS AT AVONMOUTH OR TO OTHER IMPORTANT FACILITIES

What changes are on the horizon?

NEED FOR MORE CHARGING POINTS FOR ELECTRIC CARS

- Increasing cost of driving
- Increasing car ownership = more congestion and more parking
- Ongoing move to electric / hybrid cars and increasing automation of cars
- Need for more charging points for electric cars
- Fewer diesel cars
- Future of bus / public transport – increasing cost
- Ageing population – increasing number of elderly people unable to drive
- Declining local services – increased need to access services elsewhere

How do residents want it to be? – quotes taken from the survey:

- Stop cars parking on pavements so that mum with prams have to walk in the road
- Stop parking on grass verges
- More control of heavy lorries etc using and sometimes speeding through Long Cross
- Stop tankers driving through Long Cross early hours
- Stop motorcycle crime
- One way road system on side roads and Ridingleaze
- Buses and public transport - need more and they need to be reliable
- Tidy public footpaths
- Better connections to Colleges
- Bus connection to Avonmouth jobs

What changes are on the horizon?

- Roll out of Universal Credit will replace other benefits
- Ongoing pressure on claimants to work
- Increasing automation and robots in the workplace
- Ongoing development and job creation at Avonmouth Severnside
- Potential for Business space at the Hub (see section 5.1)
- Ongoing pressure on personal and family finances and debt

I WOULD BE MORE LIKELY TO PARTICIPATE IN COURSES THAT ARE PRACTICAL IN LEARNING AND FIT IN WITH HOURS OF WORK

How do residents want it to be? – quotes taken from the survey:

- Community resource centre (library, employment workshops, community training e.g. Ict skills)
- Training to help local residents and young people get into work and sustain it
- Employment units
- Local advice centre
- Training Centres like we had in the school before, ie hairdressing, computers etc
- I would be more likely to participate in courses that are practical in learning and fit in with hours of work
- Certification at end of courses attended

35%

of Lawrence Weston’s residents aged 16+ have no qualifications (Bristol average 20%)*⁸

What changes are on the horizon?

NEW HEALTH AND WELLBEING HUB PROPOSED FOR DEVELOPMENT ON COLLEGE SITE

- New health and wellbeing hub proposed for development on college site
- With the NHS under growing pressure and cuts to local authority budgets biting, there is an increasingly urgent need for agreement on a sustainable system of social care for our ageing population that works alongside health care
- New payments and assessment for Personal Independence Payments (PIP) which has a higher cause for concern for claimants with mental health issues
- Bristol City Council having restructured staff to include Public Health and Neighbourhood teams, to a social action model. (reliant on volunteers)
- Asset Based Community Development (ABCD) is an approach to sustainable community-driven development. We need to build on the assets that are found in the community and mobilizes individuals, associations, and organisations to come together to realise and develop their strengths

How do residents want it to be? – quotes taken from the survey:

- Mental health support groups
- Cooking classes
- Teen support and activities
- I have a child with aspergers and ADHD. I would like to see some groups put in place as my son is alone and the closest group is in EASTVILLE
- GP surgery doesnt have spaces for new patients

- 34% of respondents said that play facilities are poor and need improvement. 65% say they are good or OK
- 65% of respondents said they, their families and friends use the Ridingleaze play area but less than 13% use each of the other play areas in LW
- 73% of respondents agree or strongly agree that the lack of play areas in east Lawrence Weston is a problem. Beverston Gardens and De Clifford were the most popular sites for prioritisation for new play equipment
- 13% of respondents said they, their families and friends use Mancroft play area
- 52% of respondents said the control of dogs was poor and need improvement. 40% said it was good or OK
- 35% of respondents said that the Allotments are good or ok. 18% said they are poor and need improvement

Planning and public realm

- The Lawrence Weston Neighbourhood Plan was approved at referendum in 2017. It sets out policies relating to housing, movement, employment, retail, community facilities and the protection of open space. This was a great achievement for Lawrence Weston and gives us much more influence over future development proposals
- 51% of respondents said they do not feel they can influence decisions that affect the local area. Only 14% said they can influence decisions
- 55% agree or strongly agree that the lack of facilities for cyclists is an issue in the neighbourhood

- 64% of respondents said that the 20 mph speed limit had not been a success in Lawrence Weston
- 71% of respondents rated the shopping facilities in Lawrence Weston as poor and needs improvement. 27% said they were good or OK (this survey was done before Lidl opened)
- 65% of respondents said Ridingleaze would be improved with more greenery, 47% supported external cladding of the shops, 45% supported new seating and 31% supported signage above shops
- 61% of respondents said that street cleanliness is poor and needs improvement. 33% said it was OK. Only 4% said it was good
- 45% of respondents said that levels of pollution were poor and need improvement. 43% said it was good or OK

88%

agree or strongly agree that parking in general is a problem

69% AGREE OR STRONGLY AGREE THAT INSUFFICIENT PEDESTRIAN CROSSINGS ARE A PROBLEM

6 Planning, public realm, parks & green spaces

What changes are on the horizon?

COUNCIL BUDGETS FOR STREET CLEANING AND THE MANAGEMENT OF PARKS AND OPEN SPACE WILL CONTINUE TO DECLINE

- Council budgets for street cleaning and the management of parks and open space will continue to decline
- Climate change will impact upon the natural environment, changing local habitats and making some open spaces wetter and therefore less usable
- Population growth will put increasing pressure on open spaces and parks
- Retailing will continue to evolve as more people shop online and supermarkets take an increasing share of local trade
- The government will continue to liberalise the planning system, promoting development that encourage economic growth and delivers new housing
- Undeveloped and underdeveloped sites will come under increasing pressure for development
- The Port of Bristol, Avonmouth and Severnside are likely to see continued growth
- Car ownership will continue to increase, putting more pressure on spaces to park
- Environmental awareness will continue to grow

UNDEVELOPED AND UNDERDEVELOPED SITES WILL COME UNDER INCREASING PRESSURE FOR DEVELOPMENT

How do residents want it to be? – quotes taken from the survey:

- Street cleanliness should be good, not poor or just OK
- Environment and allotment champions need support e.g. information sharing, marketing etc (but not formal groups - people don't like meetings!)
- Tackle fly tipping
- More opportunities for volunteers to do things in BCC parks
- Better signage to facilities
- Get businesses involved as environment champions
- We need to help people to get responsible for their environment around them
- People maintaining the fronts of their property and surrounding areas
- Stop parking on pavements and grass verges
- Refurbish the shop fronts at Ridingleaze
- Improve/ maintain park areas

7 Young people, children, families & education

Current Situation – What is it like now?

- Avonmouth and Lawrence Weston has the 5th highest rate in the city of hospital admissions among young people under 25 for mental and behavioural disorders due to use of drugs^{*16}
- 32% of LW residents are aged between 0-25 years old^{*13}
- 41% of unemployment in LW are 16 to 24, 2.5% of residents are full time students
- Some young people have to travel 2 hours on public transport (each way) to get to and from college
- Cost of youth activities, especially if you have more than one child, is a barrier
- Avon Club and LW Farm require on-going funding support as do the smaller VCS groups
- Over the last year youth services offered at Lawrence Weston Youth Centre have reduced to 1 evening session a week, with further cuts on the horizon
- Need for better communication between the smaller Voluntary Community Sector groups and better support for them (Sport clubs, BMX club, Kickboxing club, Scouts, Brownies, Cadets and other Church Groups)
- 34% of 10/11 year old children living in Lawrence Weston are obese, and 25% of 4/5 year olds are obese^{*17}

- 38% of respondents said that activities for children were poor and needs improving^{*4}
- 36% of respondents said that outdoor play equipment was poor and needs improving^{*4}
- Children in Social Care (children allocated to a social worker for any reason) is 55 per 1000 population compared to 37 per 1000 population citywide^{*13}

Consultation with Young People May 2018

After consultation with around 20 young people during a drop in session held at Juicy Blitz in May 2018, there were three areas young people highlighted with two issues under each area. These priorities are:

Young Peoples Facilities:

- 1: More outdoor spaces.
- 2: More arts and activities for young people

Education and learning:

- 1: Young people would like to attend Budgeting courses
- 2: School Places

Crime and Anti-social behaviour:

- 1: Bullying
- 2: Theft

**COST OF YOUTH
ACTIVITIES,
ESPECIALLY IF YOU
HAVE MORE THAN
ONE CHILD, IS A
BARRIER**

What changes are on the horizon?

- Cuts to all children’s centres in the city
- Increasing housing developments putting pressure on school places
- Creative Youth Network newly appointed to deliver targeted Youth Services only
- Increased pressure on VCS to deliver more Young People’s activities
- Changes/reduction in Young People’s Housing benefit

INCREASING HOUSING DEVELOPMENTS PUTTING PRESSURE ON SCHOOL PLACES

How do residents want it to be? – quotes taken from the survey:

- Residents want the focus for new play equipment to be on Beverston Gardens
- Residents want more activities for children in the area, particularly for teenagers

RESIDENTS WANT THE FOCUS FOR NEW PLAY EQUIPMENT TO BE ON BEVERSTON GARDENS

49%

of respondents said that activities for teenagers were poor and needs improving

8 Community facilities and activities, art, leisure and sport

Current Situation – What is it like now?

- The community health hub has been granted planning permission. This will combine community facilities with a new GP surgery. Development should start within the next 12 months
- LW Community Farm has received new investment (cafe) but is often targeted by vandals
- The BMX track has a new operating partner
- There is no longer a library in LW
- 71% of respondents rated the shopping facilities in Lawrence Weston as poor and needing improvement. (Since this survey was done, Lidl has opened)
- There are two youth centres, both run by charities. There is no Council run provision. 86% of respondents agreed or strongly agreed that the lack of activities for young people is a problem*⁴
- Big Local has invested in community facilities (The Rock, Youth and community centre, Community Shop, Community Farm and LW Baptist Church)
- 61% of respondents say that places to socialise are poor and need improvement. 14% say they are good or OK*⁴
- 59% of respondents say that sports and leisure facilities are poor and need improvement*⁴. Sports facilities at schools are not easily accessed or affordable
- Many projects established under the Community Plan since 2013 now need to keep running e.g. arts activities. There is unmet interest in attending arts clubs - more than twice the number of people currently attending arts clubs would like to find out more
- 57% rate play facilities as good or OK while 34% say that are poor and need improvement*⁴
- After the Post Office, the Community Farm is the best used community facility in LW. 55% of respondents said they have used or would like to use the Community Farm*⁴

What changes are on the horizon?

INCREASING POPULATION WILL LEAD TO INCREASING DEMAND FOR AND PRESSURE ON FACILITIES

- Community Hub should be operational end of 2019
- Nearest libraries at Shirehampton and Avonmouth are also likely to close. Nearest is then likely to be Henbury
- Arson and vandalism may continue as a persistent problem for community facilities
- Funding will be an ongoing challenge for many venues and facilities
- Increasing population will lead to increasing demand for and pressure on facilities
- Ageing population with more leisure time need activities to improve wellbeing and address isolation

How do residents want it to be? – quotes taken from the survey:

THE COMMUNITY HEALTH HUB HAS BEEN GRANTED PLANNING PERMISSION. THIS WILL COMBINE COMMUNITY FACILITIES WITH A NEW GP SURGERY. DEVELOPMENT SHOULD START WITHIN THE NEXT 12 MONTHS

- Communications and engagement plan led by ALW to change perceptions, look at how people work together and disseminate info so that we work together
- Map the facilities that already exist - buildings, spaces. And ask why people use and don't use those facilities - then develop a way of making them better
- A new family friendly pub "Bring back a decent local pub"
- Continue to support the BMX Track and future developments of the proposed clubhouse
- Bring the library back
- Sports and leisure facilities / centre. "I really think we need a nice little sports centre for everybody to access and so children and young people can get off the streets and join in physical activities"
- Family art and craft activities at community venues

What changes are on the horizon?

NEW HOUSING WILL
BE DEVELOPED IN
LAWRENCE WESTON,
LWPG WILL SEEK
TO INFLUENCE
DEVELOPERS TO
BUILD ENERGY
EFFICIENT HOMES

- Energy prices are predicted to go up over the coming years increasing pressures on households to manage their energy bills
- New housing will be developed in Lawrence Weston, LWPG will seek to influence developers to build energy efficient homes
- ALW aim to develop retrofit (improve energy efficiency) programme to work alongside Bristol City Council and other providers
- ALW to develop new community owned energy projects, current projects include large scale community wind turbine which aims to generate significant returns for the community and lower energy bills

How do residents want it to be? – quotes taken from the survey:

- 75% of residents surveyed support the idea of renewable/green energy* in principle^{*4} with 26% not sure as they needed more information
- 70% of residents surveyed said their energy bills cause them financial strain^{*4}
- 68% of residents surveyed supported our project idea to develop one or more wind turbines in Avonmouth, situated away from residential areas^{*4}
- 38% of people surveyed said they worry about turning their heating up to keep warm because they fear getting into debt^{*19}
- 46% of residents surveyed said they would be interested in a CHEESE survey, which uses thermal imaging to understand where and how much heat is being lost in their home^{*19}
